

discover the sacred scroll of the Law of Moses. As Josiah listens for the first time to the Word being read, he tears his robes in passionate respect and determines to obey all of God's Laws.

The results? Judah is cleansed of idolatry and turns back to God. That's absolutely phenomenal!

Now, read this carefully: God knew this day would come when He prompted Jedidah to instil godly truth into her son.

If you think you're not making a difference when you model the Word . . . or pray against evil . . . or support God's ministries, you're mistaken.

The phenomenal happens through our daily faithfulness to align our thoughts with God's—to think biblically in order to act biblically . . . to fulfil our role in God's plans!

Addictions, vices, and corruption are "idols" in our world. Only God's Word can conquer these idols and cleanse our land. Like Josiah, our heart has always been intent on God's ways.

We're committed to following Jesus' commands! That's why we're pursuing our bold mission to proclaim God's Word. We need loyal, generous supporters.

This month is our end of year. We need to maintain our broadcasts. We are more passionate about making disciples than ever and we're confident that God's plan will astound us!
